

### Plan Progress

The Pine River Watershed One Watershed One Plan process kicked off with a public meeting on May 7, 2018. At this meeting, participants learned about the watershed and the planning process and had a chance to offer input by brainstorming potential issues for the plan to address.

The Advisory Committee met on June 27 and July 25 to further brainstorm issues and then prioritize them by subwatershed.

Issues generated from the Advisory Committee Meeting and Public Kick-off Event were compiled and compared to existing plan priorities (Crow Wing County Water Plan, Cass County Water Plan, WRAPS, Landscape Stewardship Plan, GRAPS, DNR Sensitive Shoreland Report, NRCS, US Forest Service Report) and State Agency priorities. Common concerns across all sources were matched up and resulted in emerging themes. These common themes were expanded upon to craft issue statements. Issue statements are problems, risks, or opportunities that will be addressed in this plan. The overall process taken to get to the Issue Statements is illustrated in the diagram to the right.

### Next Steps

- Policy Committee will meet to review the draft issue statements and vision statement on August 22, 2018.
- The Advisory Committee will meet to start drafting goals on September 26, 2018.

### Accomplishments to Date:

- **Draft Land and Water Resource Narrative**
- **Draft Vision Statement**
- **Draft Issue Statements**
